Artwurks Unlimited 360 Photo Booth

Event Planners

If you are an event planner, you know how much clients love picking out the entertainment at their event, whether it's a big birthday bash or an annual corporate event. Offering Artwurks Unlimited 360 Photo Booth in an event package or as an add-on with an hourly rate is an effective way to bring in more cash for an event, with very little effort.

DJs and Recording Artists

No party is complete without music *and* a photo booth — that's right, we're talking to you, DJs. You can offer an add-on service of Artwurks Unlimited 360 Photo Booth rental when consulting with clients. Supplementing your music service with a 360 photo booth is sure to help your hourly rate skyrocket.

Photographers

Photographers and videographers can also add a 360 photo booth to their service offerings as well. Artwurks Unlimited 360 Photo Booth is a great way to entertain guests and give them a place to create keepsake photos and videos while you are busy taking professional photographs. We especially see this be successful at weddings where the photographers and their co-shooters are super-busy.
